PINOT NERO ROSATO MIRTILLO

Alto Adige DOC

Type Still rosé wine.

Grape variety Pinot Nero Rosato.

Production area Salorno.

Soil composition Sandy, alluvial soils.

Winemaking Destemming with berry selection, followed by a short low-temperature maceration in stainless steel tanks. The wine is then gently pressed and undergoes fermentation and ageing exclusively in stainless steel tanks.

Bouquet Fine and precise on the nose, with aromas of raspberry, blueberry, red currant, and wild strawberry, followed by delicate floral nuances.

Palate Sleek and precise on the palate, supported by vibrant freshness and a pronounced minerality. Crisp fruit flavours lead to a clean, smooth finish. A highly drinkable Pinot Noir Rosé, crafted for immediate enjoyment without sacrificing character, and versatile enough to accompany an entire meal.

Serving temperature 12 - 14° C.
